

"being single is not a disease"

JULIA'S BACKGROUND

Raised in Riverside, California, Julia grew up under the Pastoral leadership of her uncle, pastor of Bright Light C.O.G.I.C., today known as Higher Ground C.O.G.I.C. Julia is the former Youth Pastor of Purpose and Destiny Christian Church. She has taught Sunday School and Bible Study classes successfully. Julia also served as Director of Grace Praise Dancers. She has assisted countless charities and has been involved in grass-root movements such as Obama for America Campaign, the Atlanta Georgia Region.

She is a loving mother and has mentored countless youth. Julia is the Co-Founder of ACTS (Active Christians Truly Serving) which is a not-for-profit organization. The Organization is committed to helping to provide emotional, physical and spiritual support for single parents and individuals who are dealing with or have dealt with issues of abuse (both physical and emotional).

ACTS provides specialized services for all victims to aid them in rebuilding their lives. Julia Butler has successfully lead workshops that have motivated men, women, boys and girls; her testimony has inspired audiences for years. Julia Butler has learned firsthand that 'devastation does not have to be the final chapter of anyone's life.' Today, Julia has dedicated her life to helping others to go from victim to victorious. (Victory is not a onetime deal, rather it is a lifestyle!)

JULIA'S ORGANIZATION

JULIA BUTLER

author / speaker / teacher
